OEB SENIOR THESIS ABSTRACT FORM

2016-2017

This form will be used in assigning readers for your thesis. Please complete at the beginning of your 8th (or final) semester. Include the appropriate signatures, **attach a one-page abstract with title**, and return to the Life Sciences Undergraduate Office by **Friday**, **January 27**, **2017** (or Study Card Day during your final semester).

Appropriate thesis projects should address basic research problems and permit the student to develop skills in critical analysis. The research supervisor is usually a member of the OEB Faculty. An OEB co-sponsor is required for research conducted with directors outside OEB. Normally, this will be your OEB Faculty Advisor, but your advisor can suggest a more suitable faculty member if necessary. The OEB co-sponsor's signature is needed on this registration form.

Four copies of your thesis will be due on **Friday, March 10, 2017** for June Degree Candidates (**Thursday, November 10, 2016** for March Degree Candidates). If you have any questions, please feel free to contact Dr. Andrew Berry (berry@oeb.harvard.edu), or James Poolner, Coordinator (jp@mcb.harvard.edu).

NAME: ALICE LINDER	10#: 30864220	
THESIS TITLE:		
Community composition + traits of woody species across their ranges in eastern North America		
ADDRESS: 300 Mather Mail Ctr
